

THE ARROWHEAD

THE NEWSLETTER OF LASSWADE ARCHERY CLUB

ISSUE NO.201

SEPTEMBER 2012

Surprise, surprise you horrible people! Some of you may have thought that issue No.200 was the last edition of "The Arrowhead" so I am sorry to disappoint you but then again if you do not read the newsletter then this will be meaningless to some of you anyway!

I merely wanted to see what sort of response I would get from you and you continue to depress me with your silence! However, my thanks go to Gary and Bill W, two members who cannot always get to the Club and expressed their (positive) views about the newsletter. At least 2 people read it then!

Anyway, enough twaddle and on to the news for this month.....

CLUB NEWS

"INDOOR" SUMMER SEASON – 2012

Due to us having no outdoor venue this summer it was decided to replace our normal outdoor summer sessions with 4 months of indoor shooting on Wednesdays for those members who were interested. Although the average attendances were not too bad it was at times better attended than if we had shot outdoors. The committee will review the situation and decide what to do for the summer of 2013 should we still be unsuccessful in finding another suitable venue for outdoor shooting. Watch this space!

HANDICAP ROUND – 2012/2013

I had an enquiry recently with regard to the Handicap Round. After speaking to our organiser David R, he confirmed that everyone who shot the round in September plus anyone shooting in the future would be shooting this year's round from scratch again. So any scores and handicaps from the 2011/ 2012 round could not be carried over to this season.

LASSWADE COMBINED FITA (UKRS) – 14TH OF OCTOBER 2012

We would be grateful if some of you could stay behind after the Club session on Saturday the 13th to help get the range set up for the following day. In addition, we would also appreciate some donations from you for the raffle which takes place after the shoot.
