ISSUE NO.208 - APRIL 2013

Hello again you horrible people!

CLUB NEWS

CLUB SESSIONS

A reminder to those of you who attend on Saturdays that there will be **NO ARCHERY** on the 27th of this month due to another event that is taking place in the hall. Under normal circumstances this would be our last indoor session and we would move outdoors at the start of next month but as with last year we have no outdoor facility so it was decided to carry on shooting indoors but due to the current Centre closing on the 23rd of June it will be a very short season than we would have planned to do. As I have said more times than I have seen Derek's wallet you could visit Penicuik if you feel those few extra miles needed to get there would not kill you! We also have another major problem. See the next item.

CLUB EQUIPMENT

Now is the time for you to do something for your Club. We will not be able to transfer our equipment, bosses, stands etc. as all clubs have been ordered to remove all their equipment to a temporary location and they will then be advised when they can be taken into the new complex. One offer of storage has already fallen through but today after the Club session I had a look at Ian H's garage in Loanhead. It could take most of the equipment but not all of it. To that end I would like some of you to offer or let me know if you know of anywhere we could store the equipment, all of it or some of it, ASAP.

The Club would pay to have the equipment moved and possibly come to some arrangement with any of you who could help us. Make no mistake, if we do not remove our equipment it will be destroyed and then those of you who want to carry on shooting will have to find another Club!

THE NEW COMPLEX

With regard to the new complex, it will be known as The Lasswade Centre and due to its funny opening/closing hours we will shoot on Wednesdays from 7 to 9pm and Saturdays from 2 to 4pm assuming we will still have a Club. So far reps from the clubs have not been asked to have a look at the new complex. As with the meetings held before work began on this facility only 2 members from each Club were invited to attend these meetings, in our case, myself and Derek who also put in a list of what we would need for our Club, although we did not get what we wanted, a fate shared by other Centre based clubs as well. What a surprise. Personally, I think these meetings were just a complete waste of time and more likely decisions were already taken well in advance.
