

## LASSWADE ARCHERY CLUB NEWSLETTER

**10th July 2018**

### **GDPR**

As you probably already know, the EU has introduced stronger privacy regulations. This will have very little difference for the club, since we already look after your data carefully.

To make things clear, we have written a new Privacy Policy For Members, which you can find on the website here:

<http://www.lasswadearcheryclub.co.uk/members/>

The club maintains a set of "Emergency Contact" information at both of our ranges, for the unlikely possibility of accident or illness. If you are unhappy about this, please advise any committee member. Please also let us know if you require to update any of this information.

With this exception, the club does not, and will not use your personal data for anything other than the essentials of running the club, so there is no need for an opt-in/out list, or for the membership to do anything.

If you have any questions, please speak to Mike or Steph

Quite a few of our members are out participating in open competitions throughout Scotland, and south of the border too.

Lasswade is being well represented at these tournaments, and our members are getting great experience shooting at record status events amongst top level archers.

Entry forms and results for Scottish tournaments are published on the SAA website here: <http://scottisharchery.org.uk/events/2018-events-calendar>

### **Outdoor Handicap - 2018**

A slight change to this year's handicap is that each archer will nominate a distance to shoot at for the season and their handicap will be based on the score for this distance. This will hopefully give people a better chance at improving their scores at distances used in open competitions.

Some members have chosen to shoot at multiple distances with different handicaps for each distance, all scores will be included. A sheet with all members' nominated distances and handicaps can be found in the container.
