Outdoor Season

We have the club championships and club challenge still to come during the season, with the earlier start time of 2pm. All the dates are in the club calendar available on the website: <http://www.lasswadearcheryclub.co.uk/club-events.html>

You can get more regular updates by checking out the club facebook page (no account needed, it's a public page)

<https://www.facebook.com/LasswadeArcheryClub/>

A reminder that all club members should help set up the field before setting up their kit. There are jobs for every ability, and if you're not sure about something, ask one of the senior members to help.

Outdoor Handicap

Only a couple of entries for May's handicap, with Joan scoring 334 and Billy scoring 354. Saturday will be the last opportunity to get a handicap score in for June.

New Club Equipment

The Club has recently purchased a Compound Bow Press, for use by Club members. This is a potentially dangerous piece of kit if used incorrectly, so is subject to a few caveats: The press must only be used under supervision of a senior member of the club, i.e. an archer must not use it on their own. Conversely, members who are not directly involved in the process must keep clear. If the press is inside one of the storage containers, that means the container is out of bounds while a bow is in place. There is a laminated set of brief safety / operating instructions, supplied by the manufacturer, please consult them before using the press.
